

Experience

- Oct 2023–Present **Maths Circle Tutor & Head Tutor, We Solve Problems**
Social club for maths-loving children, focused on fun and engagement in mathematics for pupils in school years 7-11. I supported students and tutored extra or hidden curriculum material. When I have been Head Tutor, I am also responsible for the arrival and safe departure of the students. This includes managing the team of tutors in ensuring that we supervise the students at all times & that they are all comfortable with the material. Finally, I also present the examples at the beginning of each session, and work as a judge on any Maths Battle, a concept that I would like to bring into schools.
- Dec 2024–Present **Mathematics Tutor, Parallel by Simon Singh**
A home for curious mathematical minds. For ages 10-16 anywhere in the world. I provide group tutoring for students on UKMT questions to provide them with extra, more challenging mathematics. Often standard mathematics classes & the national curriculum fail to support strong young minds enough, which is where we come in.

Education

- 2024–Present **PGCE Mathematics, King's College London**
My first placement was at Prendergast School, an all girl's school situated in Ladywell. My second placement will be at Chislehurst & Sidcup Grammar School.
- 2021–2024 **Mathematics BSc with Honours, King's College London**
Upper Second Class Honours
- 2019–2021 **A-Levels, Bexhill College**
Maths (A), Further Maths (A), Chemistry (A), AS Physics (A)
- 2014–2019 **GCSEs, Ark William Parker Academy**
Maths (9), Further Maths (A), Biology (7), Chemistry (9), Physics (9), English Lang (7), and 6 others.*

Hobbies and Interests

- Magician Close-up magician with over 10 years of experience. Deeply fascinated by the psychology, I try to find exciting ways to incorporate that way of thinking into everyday life.
- Photography Amateur photographer with over 2 years of experience, focusing on street and portrait photography.
- Creativity Passionate about language, chess, and anything creative or interesting. I'm an avid puzzle solver and like to immerse myself into the curiosities of the world.
- Proposed Club I am aiming to run a lunchtime or after-school club recreating the BBC Radio 4 game *Just A Minute*, to indulge in language, improve literacy, and foster spontaneous creativity.

Skills

- Languages English (native)
- Technical Skills Mathematical modelling, data analysis, problem-solving in both academic and applied contexts.
- Software Proficient in Microsoft Office Suite, LaTeX, Desmos, basic programming (Python).
